## 4<sup>th</sup> CES Club Learning Session: Wild Woman Workshop

A total of twenty-four (24) participants from various national government agencies and government-owned or controlled corporations graced the 4<sup>th</sup> and last CES Club Learning Session for this year entitled “Wild Woman Workshop” last October 5, 2012 (Friday) at the Occupational Safety and Health Center (OSHC).

The session facilitator is Ms. Sophia Sim-Bate – a Psychologist with a degree from the University of the Philippines (UP) and a Master of Arts degree in Counseling Psychology from Ateneo De Manila University (ADMU). Ms. Sim-Bate, who has a vast experience in psychotherapy, is a private practitioner. She has been conducting seminar/workshop and lectures to many private companies, government organizations, schools, and to the general public as well. Ms. Sim-Bate explained that a Wild Woman (feminine soul) lives closer to her nature or inner rhythms. She has the ability to discern what is needed in both the inner and outer lives at any given moment. She has strong intuition and understands the life-death-life cycle and is able to live a creative life. According to her, one is not in touch with her wild woman when she feels/think or act as if she is powerless; has no voice; invisible; chained or trapped; afraid or angry all the time; fragmented; dry up or perennially tired or depressed for no apparent reason; not depressed but not happy as well, among others. She also gave some tips on how to get back the “wild woman” in every woman. In sum, the participants were able to appreciate their women psyche and how midlife pressures often stifle personal maturity and professional growth. The workshop was also utilized as a vehicle for individual journeys that allowed women to rediscover their *wild woman* psyche.

The CES Club is a career development program that seeks to reinvent interesting topics on culture and arts, personal development and other motivational subjects that are significant to the works of government servants.

For pertinent inquiries about the CES Club, please feel free to call the CESB’s Performance Management and Assistance Division (PMAD) at telephone number (02) 951-4981 locals 110,111 or 126.
